

Hi, I'm writing in support of Air 1. Air 1 is the only radio station I listen to because it is the only one of its kind in our area. It is indeed the "positive alternative" to all the other stations that play the same junk over and over, and have obnoxious DJ's who are only slightly less irritating than the songs they play. Not only does Air 1 send a positive message in the songs they play, but they have short messages like "Embrace Marriage"; I am a newlywed of about a month, and I can't tell you how wonderful it is to hear the encouragement in these little excerpts. As for the community as a whole, I can't say enough about what a blessing this station is. Kids and parents alike love it; there's something to be said for that alone! If it were to be replaced by another program, I would be greatly disappointed, not only for myself, but for those whose attitudes I have seen it change, and for those who will not have the same opportunity. Thank you for your time and consideration.
